

DOUBTS.
**CRIPPEN CRIME
MAY BE FAKE.**

Dew Suspects Dentist Is a Master Schemer.

May Be Plot to Advertise Actress Wife.

No Real Proof Murder Was Committed.

(BY DIRECT WIRE TO THE TIMES.)

BUFFALO (N. Y.) Aug. 8.—[Exclusive Dispatch.] The Crippen-Elmire murder, not a murder at all, but just a gigantic fake for theatrical advertising purposes. This is the surprising development in the Crippen case hinted at by Inspector Dew, during a visit here from Quebec, where he has Dr. Crippen in custody.

Dr. Crippen, prime minister of all press agents, and a past master in the art of "putting it over," is the way the Scotland Yard detective fears the thing will turn out.

Despite all the evidence of murder the Scotland Yard police have found, deep in the back of Inspector Dew's head there is a glimmering of suspicion that Crippen may have hoaxed the entire world for the purpose of breaking his actress wife into prominence and a fat salary. The fact that his companion, Ethel Leaneve, has been offered \$1000 a week to appear in vaudeville shows the monetary value of the notoriety of the principals.

Inspector Dew, in advancing his theory, pointed out that no identified body has been found and the flesh and bones discovered buried in quicklime in the doctor's London home, have not even been proved those of a human body. Should this turn out to be true, Crippen cannot be convicted of murder.

Nobody knows for certain, as far as the police have learned, that Belle Elmire is not living. If Belle Elmire should turn up and get engagements at music halls and in vaudeville at almost any price the police would be a laughing stock, Inspector Dew admits, but "facts are facts," and how can he help it.

**MANY DANTY NOTES
FOR DOCTOR CRIPPEN.**

(ASSOCIATED PRESS NIGHT REPORT.)

QUEBEC, Aug. 8.—Letters and telegrams addressed to Dr. Crippen are accumulating at the provincial jail, but he is allowed to receive or answer only the cables from Arthur Newton, his London attorney, relating to the preparation of his defense.

Full a dozen letters and as many messages have never reached the prisoner, because Inger Morris has adjoined them implored to deliver to a man in the United States or Canada, and most of them from attorneys, but at least one or two are enclosed in dainty square envelopes and addressed in distinctly feminine handwriting.

For the first time since her arrest, Miss Morris sat today for something to read. The jailor sent her a number of magazines. A fresh batch of magazines was also sent to Crippen, who reads omnivorously.

FORM BIG GAME CLUB.

Wealthy Italian Noblemen Organize to Scout Asia, Africa and America.

Trophies Not for Sale.

(BY DIRECT WIRE TO THE TIMES.)

ROME, Aug. 8.—[Exclusive Dispatch.] Several wealthy Italian noblemen have organized a society with the object of big game hunting in Asia, Africa and America. The amount of money subscribed already is large, but the stars of the expedition will not be made until next year, as it is expected that other noblemen, including possibly the Count of Turin, will join in it.

The programme contemplates a trip to India to hunt tigers and elephants, to South America and the United States.

Among the huntsmen are a nephew of a former Pope and two noble guards at the Vatican. All bind themselves not to sell the trophies taken on the expedition.

APPEAL TO FRENCH POETS.

Urged to Write Jolly Love Songs for the Marching Regiments That Are Dacent.

(BY DIRECT WIRE TO THE TIMES.)

PARIS, Aug. 8.—[Exclusive Dispatch.] To your pens, French poets! Your country needs it! Indite soldier songs for the marching regiments. Jolly love songs are best. Use slang at will, but abs the old-time vulgarities which made maidens blush and bairn their heads when the boys in red and blue uniforms filed through the villages!"

This remarkable appeal to modern ministris has just been made by the commission on military songs which was organized by the Minister of War to undertake a purity crusade in French marching tunes.

Ostave Pardieu, a member of the commission, described, for the benefit of your correspondents today, the reasons for this characteristically French comic opera situation.

STRAIGHT IN GEORGIA, SURE.

Governor Signs Anti-Election Wager Law and House Passes Anti-Lobby Act.

(ASSOCIATED PRESS NIGHT REPORT.)

ATLANTA (Ga.) Aug. 8.—Betting on elections became illegal in Georgia to-day when Governor Brown signed the anti-betting bill passed by the Legislature.

The House today passed an anti-jobbing bill, requiring any person representing a person, firm or corporation to register his name, that of his employer and the bill he is interested in. The bill applies only to paid lobbyists. It now goes to the Senate.

DROWNS IN BARREL.

EAKERSFIELD, Aug. 8.—Elwin, a 5-year-old child of Henry Holtom, fell headlong into a pickle barrel half full with water yesterday afternoon and was drowned. The father discovered the child dead, its feet sticking out of the barrel. The child left his father, who was working a garden, after having been told to go to bed, and it was supposed in passing the barrel, he had to stop to get a drink and lost his balance, fell in.

The house today passed an anti-jobbing bill, requiring any person representing a person, firm or corporation to register his name, that of his employer and the bill he is interested in. The bill applies only to paid lobbyists. It now goes to the Senate.

ACCIDENTS.

BLUFFFIELD, Aug. 8.—Gen. Men reported today that San Ulaldo, on the north coast of Lake Nicaragua, had been taken by the insurgents under Gen. Machias and Gen. Gómez. Two assaults were made, one upon the government's position at San José and the other upon the city of San Ulaldo itself.

The insurgents encountered the remnants of the Government troops who had gathered at that point from throughout the Department of Chontales.

Many reports say that a great quantity of provisions, rifles etc., were captured, and the enemy, however, having been told to go to San José, and it is supposed in passing the barrel, he had to stop to get a drink and lost his balance, fell in.

POLITICAL.
MR. WOODRUFF IS OPTIMISTIC.

Says New York Republicans Will Compromise.

State Chairman Has a Talk With Mr. Taft.

Says Democratic Muddle Is Quite Inspiring.

(ASSOCIATED PRESS NIGHT REPORT.)

BEVERLY (Mass.) Aug. 8.—A vigorous prosecution to reclaim title to a vast amount of Indian lands in Oklahoma is being planned by the Department of Justice for the coming autumn.

Mr. Woodruff, who is optimistic over the outlook in New York State, declares that a compromise will be reached on the primary question, and significantly remarked before he left for home that circumstances might arise that would cause him to be a candidate to succeed himself as State Chairman.

Mr. Woodruff, who has had the job for four years, says it is thankful for what he may try it again.

The compromise, which Mr. Woodruff said would be reached on the primary question, means a defeat of Gov. Hughes' plan for direct nomination. Mr. Woodruff said the party leaders in the State would not stand for the elimination of the convention principle. He said President Taft and Col. Roosevelt were in accord as to New York politics and neither was disposed to force his own views as to any man or any thing.

Just how far Col. Roosevelt will go in the coming campaign in fighting for the primary system, has not been stated.

PRESIDENT'S VIEW.

President Taft stated his position today. He also believes in the convention idea as to State tickets, though he probably would approve of a direct primary vote as to Assembly, Congressmen and United States Senators.

President Taft and Mr. Woodruff are old friends. They were at Yale together. Mr. Woodruff said today that he talked to the President of many things. It was too early, he said, to talk with any degree of accuracy about the candidate or general conditions.

"But I am willing to be quoted as saying that the condition of the Democratic party in the State, to say the least, is not inspiring," said Mr. Woodruff.

"To the Republicans?" was suggested.

"It is not inspiring to the Democrats, and therefore is inspiring to us Republicans," said the chairman.

President Taft also had a talk today with Secretary of State Knox, and the Secretary of State used their good offices to bring about an early settlement of the boundary dispute between Ecuador and Peru.

According to present plans the President may remain in Beverly this weekend, and return to Washington on Sept. 1, to speak to the House of Representatives on the Sep. 5, and from there will go to Washington for a week.

The Cabinet will be called to meet in Washington at the same time. From there the President will return to Beverly to remain here until well into October.

**PARTY SHOWS GROWTH.
SOCIALISTS MAKE CLAIMS.**

(ASSOCIATED PRESS DAY REPORT.)

NEW YORK, Aug. 8.—[Exclusive Dispatch.] Following the receipt of a dispatch from Kansas City to the effect that Jack Cudahy, son of the millionaire packer, and who, last March, attacked and stabbed Jere S. Lillis, a Kansas City banker, is planning a suit for divorce, Mr. Lillis was discovered by a reporter today in a hotel in this city.

Mr. Lillis declared he had severed his acquaintance with the Cudahys, and denied the report that he was to marry Mrs. Cudahy if either she or her husband obtained a divorce. It was because he was found in the Cudahy home that Lillis was attacked by the packer.

"I consider that incident as closed," said Mr. Lillis. "I am here on a personal trip to see my sister and remain until fall, and I am not bothering myself about the family affairs of the Cudahys."

"It has been said that you contemplated suit against Mr. Cudahy for his attack upon you," the banker was told.

"I do not contemplate any suit," he replied, "and I shall have nothing more to do with the Cudahy family. The whole affair was most unfortunate, and I regard it as absolutely closed."

"Then it is not true that you intend to marry Mrs. Cudahy if a divorce is obtained on either side."

"Decidedly not," said Mr. Lillis, emphatically. "If such a report has been circulated, it is without foundation."

Mr. Lillis would say nothing more of the affair, in which it was reported that he had been forced to live by Cudahy and the latter's chauffeur, who discovered the banker in the Cudahy home at Kansas City.

FRICTION GOES TO SEATTLE.

Poole, Relic of Civil War Days, is Transformed into a Naval Museum.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Aug. 8.—The frigate Poole, one of the last of the old war rigs still afloat, weighed anchor today on the first leg of her last journey. She will shortly sail for Seattle, where she will be transferred into a naval museum.

The Poole was built at Portsmouth, N. H., but she was largely manned by the state of Washington and the claim of their descendants was given weight by the Government, although San Francisco also put in a bid for her, because she took possession of California in the name of the United States.

Her journey today was brief. She was towed to New York yesterday morning, where her seams will be fished out for her trip around the Horn, and up the Pacific Coast. Until last year the Poole was kept in commission, commanding ship for the new Jersey naval reserve, and abandoned for the more modern monitor.

INSURGENT VICTORIES.

Reports Say They Have Captured San Ulaldo on Lake Nicaragua—Ruins more of Losses.

(ASSOCIATED PRESS NIGHT REPORT.)

BLUFFFIELD, Aug. 8.—Gen. Men reported today that San Ulaldo, on the north coast of Lake Nicaragua, had been taken by the insurgents under Gen. Machias and Gen. Gómez.

Two assaults were made, one upon the government's position at San José and the other upon the city of San Ulaldo itself.

The insurgents encountered the remnants of the Government troops who had gathered at that point from throughout the Department of Chontales.

Many reports say that a great quantity of provisions, rifles etc., were captured, and the enemy, however, having been told to go to San José, and it is supposed in passing the barrel, he had to stop to get a drink and lost his balance, fell in.

The Poole will be fished out for her trip around the Horn, and up the Pacific Coast. Until last year the Poole was kept in commission, commanding ship for the new Jersey naval reserve, and abandoned for the more modern monitor.

ACCUSES OFFICIAL.

CONSTERNATION IN SOCIETY'S CIRCLES.

(ASSOCIATED PRESS NIGHT REPORT.)

NARRAGANSETT, R.I., Aug. 8.—There is consternation tonight in the higher society circles of this fashionable summer resort because of the fear that Constable John G. Cross, who conducted the gambling raid at the Narragansett Pier Club Sunday, may make public the names of the society men and women who were on the premises at the time. Prominent matrons, personally or through emissaries, have brought the officer all they can to give out the names of the successful litigants.

This is the belief of the government officials that the authority was secured, not with any idea that the case might be won in the court of a resort, but simply to gain a delay, or a year or eighteen months.

This belief is based on the fact that the lands involved in this case are practically all coal and oil lands, and every day that passes they are being stripped of natural resources as fast as the coal can be

WASHINGTON.

TROOPS ONLY AWAIT ORDERS.**President Authorizes Their Use as Fire-Fighters.****Blanket Instructions to Department Commanders.****Posts Ready to Give Immediate Assistance.**

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Aug. 8.—President Taft has authorized the use of troops to fight forest fires in Montana, Idaho, Washington, Oregon and California.

The War Department has ordered Maj.-Gen. T. B. Barry, commanding the Department of California; Brig.-Gen. M. H. Maus, commanding the Department of the Columbia, with headquarters at Vancouver Barracks, Wash., and Grib.-Gen. Walter Howe, commanding the Department of Dakotas, St. Paul, Minn., to have the troops at all points of their commands in readiness to fight the forest fires.

Troops will be furnished as they may be requested by the district officials of the national forests. Posts will be prepared to give immediate assistance.

The President was apprised of the danger that threatens the national woodlands in the West by telegrams from the Forest and Conservation Association and from the Western Pine Manufacturers' Association. Both organizations requested that military forces be appointed to help save the timber. The President telegraphed blanked instructions permitting the use of the soldiers.

SERIOUS CONDITIONS.

The damage caused by the forests is said to be the most serious in the history of the forest service, and it is feared the amount may reach millions.

Secretary Ballinger, who is in Seattle, telegraphed acting Secretary of the Interior Pierce that sections forest fires are reported in the Plateau Indian reservation, and the new Glacier National Park in Montana.

Mr. Pierce immediately communicated with Clement S. Ucker, chief clerk of the Interior Department, who is in Glacier Park, on the subject of emergency measures to meet the situation. The forest service also promised to cooperate with the Interior Department.

Superintendent Morris of the Flathead Reservation requested to report fire conditions in his territory. Today he telephoned to the department that, while the situation had been serious since July 1, the fires are now under control. He said no timber had been burned, the losses being confined principally to younger growth.

NO CALIFORNIA FIRES.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Aug. 8.—In reply to the order from Washington to extend the aid of the army in fighting forest fires, Gen. Thomas Harry, commander of the Department of California, telephoned to the Adjutant-General at Washington that no fires were burning in his command. The troop commanders in the national parks have received instructions to guard against fires.

SOLID SEA OF FLAMES.

(ASSOCIATED PRESS NIGHT REPORT.)

SPOKANE, Aug. 8.—Fire Warden J. E. Bowes has called out 1,000 men to fight forest fires in southern Stevens county.

"Standing on the top of Huckleberry Mountain," writes the fire warden, "we could see nothing but a solid sea of flame. It seemed as if several towns and must be entirely burned out."

Generally, the houses owned by the coal companies and those the owners refuse to sell to their occupants.

Most of the purchases of necessities are made at company stores, the price being deducted from the wages of the employees.

Trading at these stores is not compulsory in all cases, but it is noticeable that those who make purchases from company stores are more apt to be continued in employment in event of a partial shutdown.

HOW MILLIONS ARE SAVED.

Postmaster-General Shows Effect of Curtailing Expenses in Management of Postoffice Department.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, Aug. 8.—In a statement detailing the reduction of \$160,000 last year in the postal deficit, Postmaster-General Hitchcock shows that \$2,900,000 of the sum represents economies in postoffice management, and nearly \$1,000,000 in a more business-like handling of city delivery service. While this service was extended during the year, the reforms introduced cut down the general cost.

Reorganization without curtailment of the rural delivery service was responsible for a saving of \$1,000,000, and a reduction of \$900,000 was credited to the star route service, including miscellaneous transportation of mail other than regular rates.

The combined savings in the cost of handling the mails in postoffices and in other branches of the service, excepting railroad transportation, was \$6,150,000, and the amount of deficiency reduction traceable to the railway service was \$5,450,000.

ROOT FOR HAGUE COURT.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, Aug. 8.—United States Senator Elihu Root of New York may be appointed a member of the permanent Court of Arbitration at The Hague to succeed the late Chief Justice of the Supreme Court, Melville W. Fuller. President Taft, it is reported, has the name of Sen-

ator Root under consideration for this appointment, which, however, will not be made until the Senate convenes next December. Senator Root is at The Hague now as counsel for the United States in the Canadian fisheries case.

PIE CONTESTS POPULAR.

Annapolis Graduate Unpried One and Is Assigned to Biggest Battleship of the Navy.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Aug. 8.—Pie eating contests are expected to become popular at the Naval Academy at Annapolis.

Midshipman H. A. Roosch, who escaped a court-martial for refereeing one, has been assigned to the new one, draught Delaware.

When Roosch unplied the contest, Capt. Bowen wanted him court-martialed. The Navy Department held the thing was too trivial for notice, as Roosch had merely supervised it, and it was not an attempt at hazing.

Roosch, however, was immediately allowed to stay on assignment to the biggest battleship of the navy followed today. Roosch is the crack rifle shot of the army and navy.

Plaintive Story of New York Triangle Alliance—Why Senior Head of Family Will Have to Serve Time on Blackwell's Island for Scatterring Sweetness Upon Domestic Sea.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 8.—[Exclusive Dispatch.] Irvin Houghtaling, the first husband of Mrs. Mary Houghtaling-Batterman, began a three months' sojourn on Blackwell's Island today, owing to his having cast a sugar bowl at Joseph Batterman, the second husband while they were discussing domestic affairs in their flat where all had been living for six years.

It appears that the woman wedded Houghtaling seventeen years ago, lived with him until six years ago, and then ran away with her daughter Ruth to Sharon, with whom she married Batterman. They want to live in East Fifth street, but Batterman at that time couldn't get work, so they finally came back to the house in One Hundred and Fifty-seventh street, where they pleaded destitution and begged Houghtaling to take them in.

Strangely enough the man agreed, reasoning to make the best of a bad job, the wife who deserted him, but for her second choice as well. Houghtaling No. 2 did the work and supplied the funds quite uncomplainingly for six years, according to the woman's testimony. Finally he revolted, and a couple of days ago told Batterman he must leave or take to the streets at supporting the family.

Houghtaling first pointed out that as the first husband, he was entitled to the household arm chair, but Batterman said he'd be jiggered if he'd do another tap of work.

Mrs. Houghtaling-Batterman stood by her second husband, and Houghtaling reached for the sugar bowl.

AROAD.**BEAT "DUTCH" AND JOHN BULL, TOO.**

(YANKEE FINANCIERS SLIP OVER BIG ONE IN TURKEY.)

Syndicate Said to Be United States Steel Corporation Obtains Invaluable Railroad and Mining Concessions as Against Best Efforts of Two European Nations.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, Aug. 8.—[Exclusive Dispatch.] By securing the right to build a \$100,000 railroad in Turkey, and getting invaluable mining privileges, an American syndicate of financiers has outwitted the most astute commercial interests of Germany and England the chief contenders for rights in Turkey, according to information secured today. Coming soon after America had forced Europe to grant her bankers participation in the Chinese Railroad to the British development of Berlin.

Privately cables received here indicate that the moving power behind the syndicate is the United States Steel Corporation.

With twenty years exclusive concessions for 1,200 miles of railroads through the mineral and other territories of Kurdistan and the Tigris and Euphrates valley, and with the mineral rights for twelve years on each side of each of the road for its entire length, worth untold millions, given to the Americans, the Turkish government will be forced to abandon working in the government mines, which are in the territories affected.

The Turkish Cabinet has passed favorably on the project. Europe, however, will bring to bear all her prestige to prevent the matter being laid before the Turkish Parliament when it meets on November 18.

(ASSOCIATED PRESS DAY REPORT.)

CHICAGO, Aug. 8.—Landed down with roasted ducks, chickens, geese and pheasants, and every imaginable delicacy, 250 Chicago Chinese yesterday gathered at Rose Hill Cemetery and did honor to their departed relatives. Incense was lighted on each of the 200 or more graves in the Chinese plot.

(BY DIRECT WIRE TO THE TIMES.)

BIRMINGHAM, Aug. 8.—[Exclusive Dispatch.] By securing the right to build a \$100,000 railroad in Turkey, and getting invaluable mining privileges, an American syndicate of financiers has outwitted the most astute commercial interests of Germany and England the chief contenders for rights in Turkey, according to information secured today. (ASSOCIATED PRESS DAY REPORT.)

May Clear Mystery of Elmer C. Swope, Claimant to Fortunes of Thomas H. Swope.

(ASSOCIATED PRESS NIGHT REPORT.)

KANSAS CITY (Mo.), Aug. 8.—The mystery of the parentage of Elmer C. Swope, to the fortune of the late Thomas H. Swope, for whose murder Dr. B. C. Hyde was sentenced to life imprisonment, may be cleared up by two signatures both said to be those of Peter M. Swope.

Elmer C. Swope contends that Peter M. Swope, who married his mother at Point Pleasant, Pa., was Thomas H. Swope of Kansas City. A signature which a Peter M. Swope attached to a legal document in Ottawa, Kan., in 1887, was turned over to John G. Paxton, executor of the Swope estate today.

Attorneys for the Swope heirs here say that the signature of the Ottawa Peter M. Swope and that attached to a deed by the Pennsylvania Swope, when a man at a hotel in Point Pleasant, are identical.

They contend that the Ottawa signature will establish definitely the identity of Peter M. Swope as another man than Col. Thomas H. Swope of Kansas City.

(BY DIRECT WIRE TO THE TIMES.)

GARY (Ind.), Aug. 8.—[Exclusive Dispatch.] It was definitely learned today that a system of padronage, as far as ever discovered in America, existed for months among the foreign workers of the Indiana Steel Company, and that the men have been mulcted by their foremen and big bosses in Chicago, to the extent of not less than \$100,000 a year.

The Gary police, who have known of the affair for some time, have sought in vain, until recently, to arrest the leaders of the secret society which has mulcted the men, but have been utterly unable to lay their hands on one of the most slippery men who has ever preyed upon his ignorant fellow-countrymen. They feel that his arrest is only a few hours distant.

The recent arrest of two keepers, a foreman, and a superintendent of the carpenters' department of the Indiana Steel Company reveals the fact that the trade union has been perpetuated both among the common laborers and upon the foreigners who have been employed in the mills—particularly in the case of the Italian laborers.

Far-overwhelming this case in importance, however, is a new form of padronage which equals any that the

CHICAGO ANARCHIST FINDS JOHN

BURNS TAME.

SCOTSMAN CONVINCES BEN REITMAN,

WHO MOWS WIDE WORD SWATH IN

LONDON, THAT PEOPLE ARE PRETTY

WELL OFF, THANK YOU, AND HE TAKES

HIS LEAVE FOR SPAIN.

BY DIRECT WIRE TO THE TIMES:

LONDON, Aug. 8.—[Exclusive Dispatch.] Ben Reitman of Chicago, is cutting quite a wide swath in London as a public and private expounder of Anarchist theories. He had two sessions with John Burns, president of the local government board, lasting altogether four hours, and he was received only a few minutes after his arrival, as he informed the correspondent, that Burns is a "sincere friend of the people but without a drop of revolutionary fighting blood in his veins." Mr. Burns told Reitman that the masses were getting on fairly well—much better than they used to—and he saw no immediate need of a revolution. He asked him if he knew that he was made with the figures of the poverty-stricken year of 1908. Ask him if he knows that, compared with 1907, there was an actual decrease in net earnings of more than \$10,000,000 and that, but for the radical retrenchment of the expenses resulting in no work for some and lessened work for others, closing shops, decreased purchase of coal, etc., the decrease would have been a great deal more serious. The operating expenses of the roads were decreased compared with 1907, would have been with a great deal more serious. The operating expenses of the roads were decreased in this way \$10,000,000."

GRAND CIRCUIT.

UHLAN TROTS SPEEDY MILE.

*Gelding Sets New Mark for Lap With Wagon.**Teaset Wins Main Event in Straight Heats.**Oro Bellini Finishes Sixth in First Trial.*

ASSOCIATED PRESS NIGHT REPORT.

CLEVELAND, Aug. 8.—The opening of the second annual meeting at North Randall track, and the third week of Grand Circuit racing today, was signified by the breaking of a world's record.

Uhlans, driven by his owner, C. K. G. Billings, trotted a mile to a wagon, without wind shield, in 2:01 flat, thereby setting a new mark for the field.

First choices had an easy time in the four events on the programme. With the exception of the 2:04 pace, the races were won in straight heats, with the choice of the field leading handily.

The feature race, the 2:10 trot for the \$2000 stake, went to P. K. Devereaux's chestnut mare Teaset.

Oro Bellini, who was thought to have been a good choice, had sixth in the first heat, but came back strong in the next two and by finishing second in both instances divided second money with Nancy Royce, the money being apportioned on the result of each heat. Teaset was the top horse at the start of the first event and was second. Veltora in the first event, the 2:19 trot, got away to a poor start, but fought her way to the lead and finished easily. The next two heats were easy for her. She was third in the first, the third heat of the 2:04 pace in 2:03%, coming up behind better than second in the next two heats.

Nellie Temple took the lead away from Bettye Brown at the half mile in the first heat, but the pace, and in the second led all the way. Subsequently.

The 2:19 trot, \$1000; Veltora won, Orleans second, Helen Turner third; heat time, 2:12%.

The 2:04 pace, sweepstakes, \$350 added; Teaset won, Oro Bellini second, Nancy Royce third; best time, 2:06%.

The 2:04 pace, sweepstakes, \$350 added; Rose K., won, Major Mallow second, Black Lock third; best time, 2:03%.

The 2:21 pace, \$1000; Nellie Temple won, Baroness Evelyn second, Lottie Hall third; best time, 2:11.

BUTTE, Aug. 8.—Copperstown and Fern L. practically ran a match race in the fourth, owing to the other horses being scratched.

Four furlongs: Alta Ray, 112 (Barlow), won; Ocelot, 112 (Radtke), second; Fern L., 107 (Callahan), third; time, 6:48 1/2-5.

Five one-half furlongs: Sixteen, 107 (Imes), won; Sona, 105 (Taylor), second; Tube Rose, 110 (Cotton), third; time, 1:08 1-5.

Mile: Altenberg, 105 (Page), won; Friend, 107 (Vesper), second; Favors, 106 (Gaudin), third; time, 1:41 2-5.

Six furlongs: Copperstown, 108 (Fisher), won; Fern L., 95 (Kederis), second; time, 1:12 1-5.

Mile: Brighton, 91 (Selden), won; Dorothy Ledgett, 100 (Kederis), second; Springbank, 109 (Page), third; time, 1:46.

FUTURE: Thomas Callahan, 107 (Vesper), won; Annie Wells, 105 (Fisher), second; Burleigh, 107 (Coburn), third; time, 1:10 4-5.

TODAY'S ENTRIES

Futurity: Alice B., 100; Gelion, 102; Lillian Ray, Philistina, Jillett, 108; Reuben Hannibal Bey, Angelza, Warner, Quick Trip, Ben Stone, Lee Harri-

son, II, 109.

Futurity: Mauretania, Emma G., Albion H., 107; Titus II, Mossback, The Slicker, Novgorod, 109.

Six furlongs: Sir Wesley, Bardonia, 99; Gretchen G., 101; McNally, 102; Howard Pearson, 105; Lord of the Forest, 108; Sir Angus, 109.

Mile: Patriotic, 102; Miss Naomi, Acqua, 105; Lavius, 107; Hancock, Cabin, 109; Yama, 106; Merling, 112; Royal, 114.

Mile: Young Belle, 92; Misprison, 106; Baldwin, Harka, Meadowhorn, 107; Marks, Mayer, Hammer, Away, March, Knight of Ivanhoe, Dr. White, John J. Rogers, J. C. Clem, 109.

Six furlongs: Santia, Herives, May Sutton, 110; Carasco, Freen, Senator Warner, David Boland, Deneen, Firm Foot, 112; Patten, 115.

Results of Saratoga.

SARATOGA (N. Y.) Aug. 8.—Leah easily won by three lengths the Kentucky selling stakes for 2-year-old fillies in five and one-half furlongs today.

Five and one-half furlongs: Eagle Bird won, Hectagon second, Kormak third; time, 1:07 3-5.

Steepchase, about two miles:

Jesus won, Mystic Light, second; Gold

Fawn, Gold of Ophir, second, Helena Barbee, third; time, 1:07 2-5.

Mile and a quarter: Bonnie Kelsom won; Pretend second, Filmy Johnson third; time, 2:05 1-5.

Six furlongs: Herkimer won, Roseaux second, Tasteful third; time, 1:28 1-5.

Mile: Medallion won, Wander second, Bad News third; time, 1:40.

Fast Trotter Sold.

CLEVELAND (Ohio) Aug. 8.—Tanner, the 2:10 trotter, was sold yesterday by Charles D. Hull of Lexington, Ky., to Robert Goelst and John E. Townsend of New York. The price was not made public.

Results in France.

CAEN (France) Aug. 8.—K. Vanherbili's Lohire won the Prix Vilain Caen here today. His Messidor, III, finished second in the Grand St. Leger.

BIKE RACER MAY DIE.

SALT LAKE CITY, Aug. 7.—An accident on the plow track, thought at the time to be trivial, has apparently for Jack Hume, a well known amateur rider, and probably will cause his death. The "spill" occurred three weeks ago. Yesterday Hume developed symptoms of hemorrhage of the brain and his left side became paralyzed.

Fight Is Postponed.

NEW YORK, Aug. 8.—Stanley Ketchel has an inflamed right foot, and will not fight Australian Bill Lang Friday at the Fairmont Club. The bout has been postponed a week.

*"Artie" Ross, Utility Outfielder and Catcher for Los Angeles,*

who is one of the best all-around men in the league and can play any position acceptably and is more than a fair hitter.

A GOOD CHANCE.

DILLONITES HOPE TO TEACH TRAINED SEALS NEW TRICKS.

DANNY LONG's bunch of trained seals are to open a series with the Angels at Chutes Park this afternoon. Happy Hogan struck out for San Francisco Sunday night with his fighting band of Hooligans to endeavor to throw the hooks into the Oaks in their own backyard, and the Senators made a jump to Portland, to meet the Beavers.

Dillon's men have a hard week ahead of them. The Seals are playing in great form, and have a pretty good hold on first place. They wound up their series with Sacramento Sunday by grabbing both games, and are coming south with the determination to make up 75 per cent of the games with the Angels.

The Dillonites only get two out of seven from Vernon, but "Cap" says that his fighting blood, as well as that of all his men, has been stirred up, and that the Angels will at least break even with the invaders.

The Angels go down before San Francisco, and the Dillonites, who are landing on top of the heap will be very slim. The local aggregation has been playing a very erratic game this season, and it is just about time for the bunch to strike the proper gait, however, for the sake of the flag.

Three weeks ago the Angels were going strong. They kept it up for a long time, but when Dillon was forced onto the diamond on account of injuries that horrible slump set in.

The Seals have not been putting up a remarkable game, but they are proving fairly consistent. In fact, they are about due to hit the toboggan, although their strong pitching staff may ward off the disaster for them.

Sutor and Browning are the twirler men, and the team is as good as any in the race.

The Seals have not been putting up a remarkable game, but they are proving fairly consistent. In fact, they are about due to hit the toboggan, although their strong pitching staff may ward off the disaster for them.

Sutor and Browning are the twirler men, and the team is as good as any in the race.

The series between the Hooligans and the Wolverines promises to be a rip-snorter. Each regards the other as bitter enemies, and the fans are hoping (except five out of seven) that the Angels (or the Beavers) will be the last to jab the harpoon into the Commuters. The Ver-

THE POLITICAL WATCH TOWER

Mr. Meyer Lissner is ambitious to be twins. Following the example of Abe Ruef in San Francisco, he wants to be both the Republican boss and the Democratic boss.

In furtherance of this ambition, he is now busy with the grand old game of "working both ends against the middle."

He has collected a fighting force

as worthy a guerrilla chief. It is

up of deluded Republicans and

Democrats wearing false uniforms.

It idea that Lissner means to do

is to capture the State convention.

Should he be able to control the State

convention, he would hold the whole

machinery of the Republican party in the

hollow of his hand.

Some of these things are distant

dreams; others part; some parts

of his plot are almost within reach.

If he can keep his herd of party-de-

sters rounded up and in compact

fighting mass the possibilities are great.

The main snag that stands in his way

is that he is not a statesman.

In his efforts to make use of the

political machine and the political

and the political reformer and the

THE WEATHER

COMPARATIVE TEMPERATURES

	Min.	Max.	Min.	Max.
Boston	72	80	72	80
Washington	78	85	78	85
Pittsburgh	78	82	78	82
Chicago	80	85	80	85
Kansas City	78	82	78	82
Cleveland	78	82	78	82
Los Angeles	78	82	78	82

The maximum is for day before yesterday; the minimum for yesterday. The mean is the average temperature for the two days.

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Aug. 8.—[Reporting by A. H. Weller, Local Forecaster.] At 5 o'clock a.m. the barometer registered 29.97 at 10 p.m., 30.00. Temperature 78° F., humidity 50 per cent, sea level, 70 deg. Relative humidity, 5 a.m., 90 per cent; 6 p.m., 67 per cent. Wind, 5 a.m., northeast, velocity 3 miles; 5 p.m., southwest, velocity 12 miles.

Precipitation, 77 mm., 77 deg., 68 deg. Rainfall for season, .46 of an inch. Barometer reduced to sea level.

WEATHER CONDITIONS.—Light rains have fallen during the last two or three hours in portions of Montana, Wyoming, South Dakota, Nebraska, Missouri, Tennessee, Kentucky, North Carolina, Minnesota and West Texas. Present weather is fair with scattered clouds, with a slight haze along the Pacific Coast. The indications are for fair weather in Los Angeles and vicinity. Tuesday morning, some clouds will likely prevail at intervals over the citrus fruit belt, with a continuation of high temperatures. Wednesday, scattered thunderstorms are probable in the mountain districts.

FORECAST.—Local forecast for Los Angeles and vicinity: Fair tonight and Tuesday, with clouds high fog Tuesday morning; light east wind.

Pamona and vicinity: Fair tonight and Tuesday, with clouds high fog Tuesday morning; light east wind.

Tuesday, with clouds high fog Tuesday morning.

Riverside, Redlands and San Bernardino: Fair tonight and Tuesday, with scattered clouds at intervals, and probably thunderstorms in the mountain districts.

San Joaquin Valley south of the Tehachapi: Fair tonight, except cloudy along the coast; Tuesday fair.

SAN FRANCISCO, Aug. 8.—Forecast: San Francisco: Fair tonight and Tuesday, with scattered clouds, possibly thunderstorms in the mountain districts.

Santa Clara Valley: Fair Tuesday; cooler; light south wind.

Vallejo: Fair Tuesday; cooler; light south wind.

Ariz.: Fair in south; showers north.

Yuma: Aug. 8.—[Exclusive] Disease from the U. S. Reclamation Service.] Gauge height Colorado River, 16.46 feet.

BUREAU OF INFORMATION.

Times Branch Office, No. 411 South Spring Street.

NEWS AND BUSINESS.

South Los Angeles Mail. The Postoffice Department issued an order in Washington, effective yesterday, establishing South Station, No. 400 South Los Angeles street.

Marsh Family Fund.

The Times acknowledges the receipt of funds from a friend, which makes the total donations to date for the support of the Marsh family, which includes the condition of the invalid father of the family as reported as steadily improving.

Christiansmithian Society.

An effort will be made to hold a reunion of the Des Moines Christiansmithian Society at the Iowa picnic on Saturday. Members are requested to make the total donations to date for the support of the Marsh family, which includes the condition of the invalid father of the family as reported as steadily improving.

Bethelieum Vacation Schools.

A small fine book, but in a vacuum case at No. 1342 Alessandro street yesterday afternoon, began an unknown cause. It was quickly under control and the damage, consisting chiefly of scorched woodwork, will amount to less than \$500. The house has a story and a half frame structure recently put up by J. Koch.

High Premium for Bonds.

The State Board of Examiners found competitors in the shade of the tree, who offered a premium of \$600 per \$1,000 worth of Graham school district bonds. The Board of Supervisors accepted the bid. C. E. Woodside offered a premium of \$2 for \$6000 worth of Newhall school district bonds. There were no other bids. The Supervisors rejected the proposition and ordered it to be resubmitted.

No Government Positions.

The United States Civil Service Commission will hold examinations in the city of Los Angeles on Aug. 15, for the (female) government hospital for the insane, entrance salary \$600 per year and maintenance in the institution, \$100 per annum; assistant plant pathologist (male), entrance salary \$600 to \$1000 a year, entrance fee \$100; assistant entomological Survey, salary \$120 a year, entrance fee \$100. Persons desiring to take these examinations should apply to the Secretary, room 36 Pacific Electric Building.

Convictions in Sight.

At a meeting of the Executive Committee of the Convention League yesterday, San Fran. W. Wiggin reported the results of the conventions in various International Fairs, International Fair, National Hardware, National Fraternal Congress, American Dental Examiners' Congress, International Peace Congress, American Legion, International Association, Navigation Congress and Sovereign Grand Lodge of Odd Fellows. The Soil convention he reported as already decided for this city. The campaign of members of the league is being carried with great vigor under the direction of Lola M. Cole.

on the Thirsty Dogs.

The chief reason why dogs go mad is because they do not get enough water to drink according to several authorities. This may be partly due to the owners' lack of knowledge, or to their laziness. With the idea of competing this evil, the manager of the Soho Heights drug store, at First and Main streets, has had four porcupine drinking troughs attached to the sides of the windows. The troughs are kept clean and the water is changed every day. The dogs in the vicinity have learned to go to the drug store when thirsty, and one or more may be seen there at almost any hour, drinking.

BREVITIES.

For linotype machine composition, 11 faces and measures, at reduced rates, call to The Times Standard School, corner San Fernando and Colorado streets; telephone Main 2290. Students wanted to learn operating; good odds, salaries high.

"American Dramatists," Dr. Burton's epic on Wednesday and Friday mornings, at the State Auditorium, 10th and Colorado Streets, and the Blue Bird, Thursday evening, "Mark Twain," unmask Hall, fifty cents.

Replies to The Times Want Ads., addressed to the Branch Office, No. 531 South Spring, may be left for delivery at the main office. They will be promptly sent to the Branch Office.

Southern California Standard Guide book by the Los Angeles Times, price 15¢ by mail, 10¢ extra. Address Times-Mirror Printing and Binding House, 110 N. Broadway, Los Angeles.

To let-furnished offices and desk news, use of both phones free, calls answered. Apply on premises, 23rd Street, Natick, Mass. Best 25 cent meals. Sunday eve, 25 cents.

AT THE BEACHES.

Patrons of The Times visiting any of the following named resorts during the summer season — may have The Times served to them by the regular agent named by notifying either The Times main or branch office or the local agency, at the regular subscription price of 20 cents per week and 75 cents per month.

Santa Monica, A. E. Jackson, No. 145 Third, Home 1116.

Pendry Beach, W. J. Hess, Wharf No. 1, Home 204.

BURDETTE AT THE BAR

VI.

Tinkering the Book.

The way of the wicked is darkness. A continual glaze of novelty. The men who rip open the head of the dog to find out what makes the wheel can never put it together again. They have to show how they lost the first time, see how elastic it is. They break the pocket knife to test its temper. These are the people who tinker old poems that have won their way into "America" because it seems out a part of the country. By the time every State of the Union has put its special feature, our own Los Angeles Aqueduct will be finished at the rate of five miles a month. The next problem left is the stupendous ditch on the mountains and cost.

New Gage Forward Miles a Month.

Los Angeles County—Correspondence from Its Cities and Towns.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

PASADENA, SCHOOL BOARD PASSES BUDGET.

APPROVES EXPENDITURES FOR DEPARTMENTS.

Mayor Issues Long Signed Statement Reviewing the Arroyo Bridge Project—Says the Matter Has Not Been Given Attention It Deserves. Different View is Expressed.

Office of The Times, No. 32 E. Raymond Ave., PASADENA, Aug. 9.—At the meeting of the Board of Education last night the annual budget was passed providing for \$115,000 for the grade schools and \$75,000 for the High School to be provided for in the tax levy as a special fund for school purposes. There is \$10,500 allowed by the State and county fund, which is secured on the annual report and average daily attendance for last year.

The general budget for expenses for the entire year amounts to \$72,500 for the High School and \$22,667 for the grade schools. The allowance for the Pasadena district last year from the county and State fund was \$16,000.

Many other matters of routine business were taken up. The superintendent of schools was authorized to employ a physical culture teacher for the High School.

The Building Committee was authorized to have plans and specifications prepared for a new bungalow, to be used to provide the office of the new High School. The crowded condition of the present High School was commented on by the board, but nothing was offered in way of improvement excepting the new bungalow. It is anticipated that the new bungalow will be worse crowded this year than last.

The official carpenter was instructed to rush many improvements on various buildings and get them ready for the fall term of school.

Prof. F. Z. Stewart was granted leave of absence for one year. His place at the Wilson school will be taken by Prof. Holland of the Garfield school, and Holland's place at the Garfield school will be filled by Prof. McCullough of Santa Barbara, who is one of the new professors. Prof. Hawkins will have charge of the Altadena school for a year.

The matter of another election to vote bonds for a new High School was not mentioned.

MOTOR ON BRIDGE.

In a long-signed statement to the public, which was issued yesterday, Mayor Earley makes a general review of the Arroyo bridge proposal. He says he is willing to be willing to submit the proposition to the voters of the city, he will insist on a committee of three men, who have traveled throughout various foreign countries being appointed for the purpose of passing on the plans submitted and recommendations for a bridge similar to those which have been constructed in Europe and China.

He states that the matter has not been given the attention it deserves by the thinking people of Pasadena. The Board of Trade, however, has been given proper consideration by the press. He also declares that if the compromise bridge which was recommended by the special committee of twenty-five members of the Board of Trade is built, it will accommodate a large tract of expensive ground on both the east and west side of the Arroyo. The Mayor says that the Scoville matter is one of the important things which will have to be decided by the Board and himself.

"I have read Mayor Earley's statement regarding the low bridge," said William F. Knight, chairman of the Board of Trade's committee of twenty-five appointed to investigate the bridge matter. "I am not in agreement with him in his stand on the low bridge. He insists in calling the compromise bridge the high bridge, and states that it will cost from \$300,000 to \$500,000. That is not so. We have had the entire proposition figured out, and went so far as to have Capt. L. C. Foye of the county road and the commissioners' bridge, the one approved by the Board of Trade, will not cost over \$150,000."

Regarding Scoville's connection with the matter, he stated at our meeting that if we would have Wadsworth's plan, and the commissioners' bridge would be twenty feet lower he would not object to it. He had it done, and he went to Mayor Earley and said that he could not agree with us, and would stick out for the low bridge. He even went so far as to say he did not know the compromise bridge would be the best solution, but that it would injure his property and he would favor the low bridge on that account.

"Mayor Earley says that the low bridge has been recommended by the Highway Commission, and he stated that he had the original plans for the low bridge drawn up simply for the purpose of getting something before the people. He also wrote a letter to the Board of Trade stating that the compromise bridge as approved by the Board of Trade would be the best bridge, and that he would recommend it in preference to the low bridge."

"I will call a meeting of the Board of Trade's Bridge Committee for Thursday night, and we will go into this matter a little further and think we should settle this quicker and arguing once and for all time. The people generally are not in favor of the low bridge, and the Mayor may just as well find out where they stand."

TO MEET FOR WATER.

The special committee of eighteen appointed by the Board of Trade for the purpose of making investigations into the water question will hold its first meeting a week from last night. It is expected by that time that Harry Geoghegan, president of the Board of Trade, will be home and ready for business.

While Vice-President Greenanayko of the special meeting of the directors for the purpose of appointing the committee, he does not think that he should proceed as chairman of the committee and that upon the return of Geoghegan the chairman should change. To use his own words, he says that he does not believe it would be good policy to "change horses in the middle of the stream."

A special meeting of the Board of Trade directors has been called for this morning to pass on some routine matters and at the same time two committees will be chosen to take the papers made available by the department of Water and Kermehan "on the committee. No one has as yet

been slated for the vacancies, but it is said the directors will select two men who are thoroughly representative of separate interests and at the same time men whose judgment will be valuable.

The course taken by the Board of Trade in getting into the water question in a practical and business-like manner, is receiving the approval of nearly every voter in the city. The fact that politics and factionalism has been eliminated and that the committee has been given clear channels to make its own investigations and recommendations, has given rise to the belief that this time the old question, which has been before the people for many years, will be satisfactorily adjusted.

DISTANT FOREST FIRE.

A large forest fire was seen yesterday afternoon from the summit of Mt. Wilson. It was far to the north and east of the town, but could be plainly seen from the hotel by the large number of tourists who are staying on the mountain. The extent of damage done has not been ascertained.

The forest rangers are working over the watered campers and hunters who are staying on the mountain. Fire has been started. No fires have been posted all over the mountains warning people against throwing cigar stubs among dry leaves also against leaving camp fires. On account of the long distance from the mountains the brush is very dry.

SOCIAL ITEMS.

A pretty wedding of yesterday afternoon was that of Miss Little Ethel Brightman and Lieut. Roy E. Glass, which took place at the Nurses' Club, No. 164 South Los Robles Avenue, Dr. S. G. Dunham officiating. The club house was prettily decorated with roses and greenery. The bride and groom left for the Philippines soon where Lieut. Glass, who is a member of the Philippine scouts, will return to duty.

A party of young society women who have been spending a week at the Arroyo, returned from their vacation to the new High School. The crowded condition of the present High School was commented on by the board, but nothing was offered in way of improvement excepting the new bungalow. It is anticipated that the new bungalow will be worse crowded this year than last.

The official carpenter was instructed to rush many improvements on various buildings and get them ready for the fall term of school.

Prof. F. Z. Stewart was granted leave of absence for one year. His place at the Wilson school will be taken by Prof. Holland of the Garfield school, and Holland's place at the Garfield school will be filled by Prof. McCullough of Santa Barbara, who is one of the new professors. Prof. Hawkins will have charge of the Altadena school for a year.

The matter of another election to vote bonds for a new High School was not mentioned.

MOTOR ON BRIDGE.

In a long-signed statement to the public, which was issued yesterday, Mayor Earley makes a general review of the Arroyo bridge proposal.

He says he is willing to be willing to submit the proposition to the voters of the city, he will insist on a committee of three men, who have traveled throughout various foreign countries being appointed for the purpose of passing on the plans submitted and recommendations for a bridge similar to those which have been constructed in Europe and China.

He states that the matter has not been given the attention it deserves by the thinking people of Pasadena. The Board of Trade, however, has been given proper consideration by the press. He also declares that if the compromise bridge which was recommended by the special committee of twenty-five members of the Board of Trade is built, it will accommodate a large tract of expensive ground on both the east and west side of the Arroyo. The Mayor says that the Scoville matter is one of the important things which will have to be decided by the Board and himself.

"I have read Mayor Earley's statement regarding the low bridge," said William F. Knight, chairman of the Board of Trade's committee of twenty-five appointed to investigate the bridge matter. "I am not in agreement with him in his stand on the low bridge. He insists in calling the compromise bridge the high bridge, and states that it will cost from \$300,000 to \$500,000. That is not so. We have had the entire proposition figured out, and went so far as to have Capt. L. C. Foye of the county road and the commissioners' bridge, the one approved by the Board of Trade, will not cost over \$150,000."

Regarding Scoville's connection with the matter, he stated at our meeting that if we would have Wadsworth's plan, and the commissioners' bridge would be twenty feet lower he would not object to it. He had it done, and he went to Mayor Earley and said that he could not agree with us, and would stick out for the low bridge. He even went so far as to say he did not know the compromise bridge would be the best solution, but that it would injure his property and he would favor the low bridge on that account.
